Rise... From Siberia he rises  
Monk... Whose visions of the future will be told  
Soon... His fame reaches out to the throne

Revolution - it soon comes  
Revolution - red comes down  
Stab, poison, shot, drown  
Stab, poison, shot, drown  
Revolution - The Czar is gone  
Revolution - Monarchy's done  
Stab, poison, shot, drown  
Stab, poison, shot, drown  
Curse... He told the Czar about the curse  
Plague... It will plague them if undone.
