

# Different Kind of Cowboy

Ray Scott

Y? all listen here I ain? t never lived in Texas  
Rode across no dusty plain  
I ain? t drank water from no cactus  
Been inclined to rob a train I? m a different kind of cowboy  
Tumble weed out in the wind  
In this Carolina country boy? s heart  
The lone ranger rides again  
I ain? t too forward with the ladies  
Flash a smile and tip my hat  
But I? ve been findin? out here lately  
There? s still a few thing to that Yeah, I? m a different kind of cowboy  
Tumble weed out in the wind  
In this Carolina country boy? s heart  
The lone ranger rides again Yeah, I got a hundred horses  
Couple sprockets and a chain  
Love the sound of chrome  
Pipes rumbling, the smell of gasoline I? m gonna ride off in that sunset  
Yellin' yippee ki-yay, yippee ki-yay  
Yeah, I? m a different kind of cowboy  
Tumble weed out in the wind  
Yeah, in this Carolina country boy? s heart  
The lone ranger rides again and again Hi, ho, silver  
Lone, lone
