

Different Kind of Cowboy

Ray Scott

Y? all listen here I ain? t never lived in Texas
Rode across no dusty plain
I ain? t drank water from no cactus
Been inclined to rob a train I? m a different kind of cowboy
Tumble weed out in the wind
In this Carolina country boy? s heart
The lone ranger rides again
I ain? t too forward with the ladies
Flash a smile and tip my hat
But I? ve been findin? out here lately
There? s still a few thing to that Yeah, I? m a different kind of cowboy
Tumble weed out in the wind
In this Carolina country boy? s heart
The lone ranger rides again Yeah, I got a hundred horses
Couple sprockets and a chain
Love the sound of chrome
Pipes rumbling, the smell of gasoline I? m gonna ride off in that sunset
Yellin' yippee ki-yay, yippee ki-yay
Yeah, I? m a different kind of cowboy
Tumble weed out in the wind
Yeah, in this Carolina country boy? s heart
The lone ranger rides again and again Hi, ho, silver
Lone, lone
