White Christmas

Otis Redding

I'm dreaming, dreaming of a white, white Christmas

Just like the ones that I used to know

Honey, its where the treetops treetops glisten

Little bitty little bitty little bitty children that try to listen

To hear for the sleigh bells that are already in the snow

I want to tell you one more time what I am thinking aboutI'm dreaming of a white Christmas there

With there, for every Christmas card that I'll write you over
I won't to do it over

May your days, may your days be so merry, merry and bright
Oh darling, I wished I'll love them
One more thing

And may all, all of your Christmases, and may all,
and may all of your Christmases merry
May, may your days be merry, merry, so merry and bright
Only if I am busted, I would wish I'll love a party
And may all of your Christmases be so white
I must say of a white, dreaming of a white ChristmasI'm dreaming, dreaming of a white, white

Christmas
Baby, baby, all I'm dreaming, dreaming of a Christmas

Yea, I love you, white Christmas
