

# That's Where You Find Love

## Westlife

In your eyes, I found the greatest price  
You and I could not be closer  
And in your arms, is everything I want  
Now I know my search is over and I don't know where you take me  
But it's exactly where I wanna be()  
it's where the stars line up  
It's where the ocean starts  
It's in a place I've never been that feels like home  
It's in the air right now  
It's when you give your all, and give a little more  
I've never been so sure, that's where you find love  
People pass, and listen to us laugh  
wishing that they had the same thing  
And our friends they ask, how we made it last  
I just smile and say the same thing I'm not sure how we got here  
baby I'm just glad that we got here()  
it's where the stars line up  
It's where the ocean starts  
It's in a place I've never been that feels like home  
It's in the air right now  
It's when you give your all, and give a little more  
I've never been so sure, that's where you find love  
That's where you find love  
It's where the stars line up  
It's where the ocean starts  
It's in the place and everything that feels like home  
It's in the air right now  
It's when you give your all, and give a little more  
I've never been this sure, that's where you find love  
Find love  
That's where you find love
