

# Killer

## Kali Uchis

Baby, have you got no soul?  
Is your heart a gaping hole?  
How come I didn't see that in you? Oh  
How come I can forgive you? And if you loved me, you'd never do this  
N oho, if you loved me, you wouldn't put me through it That makes you a killer, a killer, a killer  
That makes you a killer, a killer, a killer Forever is for dreamers (for dreamers)  
And it's foolish to not know you're a schemer  
It's silly to think of our unborn children  
'Cause all I'm thinking about right now is how I'll never know them And if you loved me, you  
would never do this  
Our futures battered and bloody  
It's so fucking ruthless  
That makes you a killer, a killer, a killer  
That makes you a killer, a killer, a killer  
That makes you a killer, a killer, a killer  
That makes you a killer, that makes you a killer
