

Cold Heart

Luh Kel

Yea, I knew one day that I'm gon' make it, I just gotta take it slow
I know you hid and heal all this pain, so I can't take it no more
And I know I need your love so just hold me close I had to freeze to stop the rain, made my
heart so cold They told me pain will leave me soon, but it won't leave till I got you
I need you right by my side, let's vibe, I shoot my shot like a Glock do
You just need some love, I do too so that's ok
And girl, I need you more stay with my call, make sure you say Why you always gotta come at
me sideways?

We fell in love, we fell in love but in the worst way
You bring me back, you bring me back, to them old days
Shawty why you gotta bring me to my old ways?
I knew one day that I'm gon' make it, I just gotta take it slow
I know you hid and heal all this pain, so I can't take it no more
And I know I need your love so just hold me close
I had to freeze to stop the rain, made my heart so cold (Yeah, yeah, yeah)
Why do I feel like I need you by my side?
I can't take it no more, I know you ride
Girl just stay on the low I know you try
But just give me some more Why you always gotta come at me sideways?
We fell in love we fell in love but in the worst way
You bring me back you bring me back, to them old days
Shawty why you gotta bring me to my old ways?
I knew one day that I'm gon' make it, I just gotta take it slow
I know you hid and heal all this pain, so I can't take it no more
And I know I need your love so just hold me close
I had to freeze to stop the rain, made my heart so cold
