

# Rude Love

Becky Hill

Every time I call you on the phone  
You're with your new girl  
What's the deal with that?  
What about me and what I want?  
Can't take it, I need your affection  
You don't show me no love anymore  
I've had enough dancing on my own  
You don't show me no love anymore, love anymore  
Rude love  
Rude love  
Reminiscing of the days but the memories fade  
You're a stranger, can hardly recognize your face  
So track everything we had just didn't mean a thing  
Didn't mean a thing, didn't mean a thing  
'Cause you don't show me no love anymore  
I've really had enough dancing on my own  
You don't show me no love anymore, love anymore  
Rude love  
Rude love  
Love  
Rude love  
(You don't show me)  
(You don't show me)  
Rude love  
(You don't show me)  
(You don't show me)  
Tell me how I'm supposed to know  
When you keep blowing hot and cold  
I just don't get enough  
It's just to rude this love  
And I feel that it's gonna grow  
(This rude love)  
You don't show me no love anymore  
You know, all you'd show me is rude love, rude love  
(You don't show me)  
You don't show me no love anymore  
You know, all you'd show me is rude love, rude love  
(You don't show me)  
You don't show me no love anymore  
You know, all you'd show me is rude love, rude love  
(You don't show me)  
You don't show me no love anymore  
You know, all you'd show me is rude love  
You don't show me  
You don't show me  
Rude love  
You don't show me

You don't show me  
You don't show me  
Rude love  
You don't show me  
Rude love  
You don't show me  
Rude love  
You don't show me  
Rude love  
You don't show me  
Rude love
