

Into the Darkness

In This Moment

I am beautiful
(I hate you)
I love you
(How can you even love yourself?)
I'm worthy
(You disgust me)
I'm pure
(Where do you go now?)
Please don't go
(You'll burn in hell)
I will fall to mortality
(There is no god)
God is inside of me
(No wonder your Father left you)
He should've protected me
(Just take your clothes off)
I will not
(You're a whore)
I forgive you
