Doing It (feat. Rita Ora)

Charli XCX

We're staying all night

We never slow down

I think we better do it like we're doing it now

It's been a long time

Since we've been around

So come on, let's keep doing it like we're doing it

Doing it like we're doing itWaited so long just to be here

Now we're bringing this back to life

Yeah, we're bringing this back to life

Want you to know how I miss ya

Now I got you right by my side

Yeah, I got you right by my sideLocked inside my veins you're in my blood, in my blood

And we're united forevermore

We're staying all night

We never slow down

I think we better do it like we're doing it now

It's been a long time

Since we've been around

So come on, let's keep doing it like we're doing it

Doing it like we're doing itKeep doing it like we're doing it

Doing it like we're doing itFriends like a team in a circle

We're together we're so alive

Yeah, together we're so alive

Joy like a jewel let it sparkle

Joy like a jewel let it sparkle

Know that I got your back for life

Yeah, I got your back for lifeLocked inside my veins you're in my blood, in my blood

And we're united forevermore

We're staying all night

We never slow down

I think we better do it like we're doing it now

It's been a long time

Since we've been around

So come on, let's keep doing it like we're doing it

Doing it like we're doing itKeep doing it like we're doing it

Doing it like we're doing it All night long

We dancing to this song

We doing it, we going on and on, on and on

All night long

We dancing to this song

We doing it, we going on and on, on and onWe're staying all night

We never slow down

I think we better do it like we're doing it now

It's been a long time Since we've been around

So come on, let's keep doing it like we're doing it Doing it like we're doing it(All night long we dancing to this song)

Keep doing it like we're doing it

Doing it like we're doing it

(All night long we dancing to this song)

Keep doing it like we're doing it

Doing it like we're doing itWe're staying all night

We never slow down

I think we better do it like we're doing it now

It's been a long time

Since we've been around

So come on, let's keep doing it like we're doing it

Doing it like we're doing it
