## **The Fall**

## **Rhye**

Oooh, make love to me One more time Before you go away Why can't you stay?Oooh, my love Come home to me Just for a while I'll leave this piece in you Why can't you stay? Don't run away Don't slip away my dear Don't run away Don't slip away my dear Don't run awayThe sun is gone It fell into the fall But I don't want it this way Why can't you stay?Don't run away Don't slip away my dear Don't run away Don't slip away my dear Don't run away Ohh ohh There should be words There should be words that explain the way But I'm tongue tied and twisted Where's those wordsDon't run away Don't slip away my dear Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
