

Okay, I Feel Better Now

AFI

There is nothing to me
There is nothing though there was a time
I had felt elation
Before all sensation died I cannot breathe
I can't deny
That I've been feigning for you
Every vital sign
Defied This means nothing to me
This means nothing so spare me the lies
I deny you sympathy
Just as I have been denied
(I cannot breathe)
I cannot breathe (I cannot breathe)
I can't deny
That I've been faking for you
Every sign of life
I died For the last lie
And the heartbreak
For the first time
I could not take I could not take
Till I made you cry This is what you taught me
This is what you taught and I learned well
To recognize that feeling
Easily can be dispelled
(I cannot breathe)
I cannot breathe (I cannot breathe)
I can't deny
That I've been faking for you
Every sign of life
I died For the last lie
And the heartbreak
For the first time
I could not take
(For the last lie
And the heartbreak
For the first time)
I could not take
Till I made you Show your wounds, I'm bored with mine
Nothing is new
Don't despair, I rarely cry
Oh my Oh, my dear, please dry your eyes
Who could harm you?

To hurt you is to be despised
As I'd love to For the last lie
And the heartbreak
For the first time
I could not take
(For the last lie
And the heartbreak
For the first time)
I could not take
Till I made you cry Till I made you cry Till I made you... cry
Oh Till I made you cry
