

# Through the Dark

## One Direction

You tell me that you're sad and lost your way  
You tell me that your tears are here to stay  
But I know you're only hiding  
And I just wanna see ya You tell me that you're hurt and you're in pain  
And I can see your head is held in shame  
I just wanna see you smile again  
See you smile again But don't burn out  
Even if you scream and shout  
It'll come back to you  
And I'll be here for you Oh, I will carry you over fire and water for your love  
And I will hold you closer, hope your heart is strong enough  
When the night is coming down on you  
We will find a way through the dark  
I wish that I could take you to the start  
I'd never let you fall and break your heart  
And if you wanna cry and fall apart  
I'll be there to hold ya You tell me that you heard it's all in vain  
But I can see your heart can love again  
And I remember you were laughing  
So let's just laugh again But don't burn out  
Even if you scream and shout  
It'll come back to you  
Back to you Oh, I will carry you over fire and water for your love  
And I will hold you closer, hope your heart is strong enough  
When the night is coming down on you  
We will find a way through the dark  
And you don't need  
You don't need to run  
And you will see, it's easy to be loved  
I know you wanna be loved Oh, I will carry you over fire and water for your love Oh, I will  
carry you over fire and water for your love  
And I will hold you closer, hope your heart is strong enough  
When the night is coming down on you  
We will find a way through the dark Oh, I will carry you over fire and water for your love  
And I will hold you closer, hope your heart is strong enough  
When the night is coming down  
We will find a way through the dark
