

# Outlaws

Alessia Cara

Run, run like the devil's behind us  
Run to where no one can find us  
Be my accomplice to my crime  
Oh, baby, run  
Run cause we're guilty as sin  
Run cause we know we won't win  
We know, together, we kill time You'll never face a judge without me  
You'll never battle the gavel alone  
And if they lock us away  
Then I'll be still here, proudly waiting to kill more time  
With you We'll be outlaws  
We'll take on the world  
We'll be outlaws  
Run, run like you never did  
Cause they found the evidence  
And they found your fingerprints  
All on me  
And, baby, run  
Run like your life depends on it  
Let's make forever in this moment  
Tell me you love me again, oh again  
And I would waste away without you  
You're the shining to my star  
I'd be searching til I found you, wherever you are, you are We'll be outlaws  
Partners in crime  
We'll take on the world together  
I'm Bonnie, you can be Clyde  
We'll be outlaws  
You and me  
They'll never understand the honor among these thieves  
O-O-O-Ohhhh, o-o-oh  
O-O-O-Ohhhh, o-o-o-oh  
You'll never face a judge without me  
You'll never battle the gavel alone  
And if they lock us away  
Then I'll be still here, proudly waiting to kill more time  
With you  
Oh, with you  
With you  
Oh, with you, o-oh We'll be outlaws  
Partners in crime  
We'll take on the world together

I'm Bonnie, you can be Clyde  
We'll be outlaws  
You and me  
They'll never understand the honor among these thieves  
We'll be outlaws
