

# Show You Off Tonight

Lee Brice

Damn girl looking so pretty  
Hows about a little drive to the city  
I wanna show you off I know you like it  
That I'm shy and kinda quiet  
But tonight I  
I kinda don't wanna be The way you walked in  
Painted red lips  
The way that red dress  
Is hugging up on your hips  
I want the whole world to see Damn girl looking so pretty  
Hows about a little drive to the city  
I wanna show you off  
Tonight  
Hey babe spend the night with me  
Make the downtown boys jealous when you kiss me  
I wanna show you off  
Tonight I know a guy who  
Owns a bar up  
On a rooftop  
Close to the stars yeah  
He'll treat us like a king and queen You know the band there  
Plays some country  
John Montgomery "Love the way you love me"  
Aw but they could play anything  
Long as you're dancing with me Damn girl looking so pretty  
Hows about a little drive to the city  
I wanna show you off  
Tonight  
Hey babe spend the night with me  
Make the downtown boys jealous when you kiss me  
I wanna show you off  
Tonight Damn girl looking so pretty  
I wanna show you off  
Tonight  
Yeah Hey babe spend the night with me  
Make all the downtown boys jealous when you kiss me  
I wanna show you off  
Tonight Damn girl looking so pretty  
I wanna show you off  
Tonight Damn girl you're looking so pretty  
Alright  
Just gotta show you off
