Lights!
YFBG, nigga
Every time we step out Light show, light it up!
Light show, light it up!
Light show, light it up!
Light show, light it up! When I step out, light show
My neck, my wrist, it'll glow
Cartiers up to my elbows
Crushed ice, nigga, night glow Light it up! Light show
Light it up! Light show
Light it up! Light show
Light it up! Light show
When I step out, neck glow
When I pop out, UFO
Ill rain, melee
Shoot 'em with the Draco, a AK Light it up! Light show
Light it up! Light show
Light it up! Light show
Light it up! Light show When I step out, light glow
Lick, froze, whoa, whoa
Wrist real cocoa
Pinky ring, white show Light it up! Light show

I'm goin' green, Geico
A murder scene, might go
Pretty thing, thot hoe

Gucci tag down to my sock
Size 9 them J's on top

Diamonds on my neck, that light show
Shinin' in the dark, that night glow
