

One Woman Army

Ciara

Never knew what I was signing up for
Knew it was hard but not this hardcore
Never gonna stop, never gonna give up on you
No matter what I do Here I am baby, I'm your one woman army
I'd fight for you, I'll die, I'll be your protector
Here I am baby, I'm your one woman army
No matter what may come, I won't surrender Wanna give you everything I never had
Love you and teach you good from bad
Never gonna stop, never gonna give up on you
No matter what I do
Here I am baby, I'm your one woman army
I'd fight for you, I'll die, I'll be your protector
Here I am baby, I'm your one woman army
No matter what may come, I won't surrender What I do, I do for you the best I can
Build a life for you with my own two hands
Never gonna stop, never gonna give up on you
No matter what I do Here I am baby, I'm your one woman army
I'd fight for you, I'll die, I'll be your protector
Here I am baby, I'm your one woman army
No matter what may come, I won't surrender Here I am baby, I'm your one woman army
I'd fight for you, I'll die, I'll be your protector
Here I am baby, I'm your one woman army
No matter what may come, I won't surrender
Here I am baby, I'm your one woman army
I'd fight for you, I'll die, I'll be your protector
Here I am baby, I'm your one woman army
No matter what may come, I won't surrender
