

Toop Toop (Martin Eyerer Remix)

Cassius

After all of the world we see
I got my hands from my machine
You could just put online
So I got some peace of mind
I can keep up carrying the night
Got no more strength to keep on fight
Hanging out you hear the ring
All I get is a machine Toop Toop
After all of the world we see
Shoot shoot
I got my hands from my machine
Toop Toop
You could just put online
Shoot shoot
So I got some peace of mind
Toop Toop
After all of the world we see
I got my hands from my machine
You could just put online
So I got some peace of mind
I can keep up carrying the night
Got no more strength to keep on fight
Hanging out you hear the ring
All I get is a machine Toop Toop
After all of the world we see
Shoot shoot
I got my hands from my machine
Toop Toop
You could just put online
Shoot shoot
So I got some peace of mind
Toop Toop
I can keep up carrying the night
Toop Toop
Got no more strength to keep on fight
Shoot shoot
Hanging out you hear the ring
TOOP TOOP
All I get is a machine
Shoot shoot
Toop Toop
Shoot shoot

Toop Toop
Shoot shoot
Toop Toop
Shoot shoot...
