

Goldmine Junkie

Big Grams

One more drill
One more drill
One more drill
One more drill
One more drill

One more drill Always and forever
Forever and always, always together

Like salt and pepper
We live life like a love letter
Real nice like them love letters
Amen, tell 'em

I stole her heart like a known felon
Jackpot couldn't have chose better
Banana dick on deck, she goes gorilla
If you ain't got yours yet, the boy gon' get her
For real, uh

On the phone with her 'til the wee hours
Future's so bright, who can see ours?
Using all three eyes to get between thighs
Always overstood, never undermined
Got a mean spit game and the dutty wine
Spoon action, gravy for the cuddle time
And under the cover we make another Twan
Fuck it, make another one

One more drill

No matter what you say to me you'll always be a goldmine junkie
One more drill No matter what I do to break your heart, I know you'll always love me
Always is the plan, right? (Damn right)
Huge ring? (Damn right)
I deserve it, I'm worth it
Besides, you fit perfect
But that's our secret, can you keep it?
I'm a junkie for you when you need it

When you leave the feelings you leave me with I'm knee-deep in it (I'm knee-deep in it)
Overdosing off devotion, we can never get lonely
The only one that can do something for me totally mind-blowing
And I'm never letting go, these streets ain't got nothing for me
It's full of skeezers and phonies, bloodsucking leeches that owe me, homie
One more drill

No matter what you say to me you'll always be a goldmine junkie
One more drill No matter what I do to break your heart, I know you'll always love me
He's a guy, give him one more try, I'm listening

Through your eyes I can read your mind, it's blistering
Every time you say one more drill
I gotta dig myself out of the way I feel
And now the gold is really coal and sparkling
Take me down where shooting stars are flatlining
Every time you say one more drill
I gotta dig myself out of the way I feel 'Cause I need you
One more drill
No matter what you say to me you'll always be a goldmine junkie
One more drill
No matter what I do to break your heart, I know you'll always love me
One more drill
No matter what you say to me you'll always be a goldmine junkie
One more drill
No matter what I do to break your heart, I know you'll always love me
One more drill
