

Starlight

Electric Light Orchestra

Starlight, I hear you callin' out to me
I hear you callin callin callin
Sweet love rollin' across my mind again
I want you, yes, I do, I need you, yes, I do And then you run
You gotta stop foolin' around
Keep your feet on the ground, little girl And starlight will shine all around, little girl Starlight
callin'
Starlight, your eyes are lookin' out so far away
I hear you callin ' callin' callin'
Constellation in the sky is smiling down on me
I wonder, wonder why
I can feel you're so real, I can see you're so near
And then you run You gotta stop foolin' around
Keep your feet on the ground, little girl
And starlight will shine all around, little girl
You had me all the summer long, little girl Moon glow, come light the way up to my window
I Hear you callin' callin' callin'
As you roll across the night, don't tell Nobody that I told you so
I need you, yes, I do, I need you, yes, I do
And then you run
You gotta stop foolin' around
Keep your feet on the ground, little girl
And starlight will shine all around, little girl
You had me all the summer long, little girl Starlight, your eyes are lookin' down on me so far
away
Starlight, your eyes are lookin' down on me so far away
Starlight, your eyes are lookin' down on me so far away
