Far East Movement

Fighter With my back against the wall Said that you've had enough But you still take my calls I need to know I need to know If there's any fight left For us to make it all right Tell me what's the next step? I'ma fighter What do you wanna do now? You a fighter? Whatever you gotta go through Fighter Baby it's up to you Whatever you wanna do I'm down with it Ohhhhhh It's up to you Whatever you goin through I'm down with itFighter Knock me down but I'll keep fighting For you til' the end we'll keep on trying Like a fighter Knock us down but we're survivors For love, til' the end we'll keep on fighting Fighter Fighter Fighter FighterOhhhhhhh It's up to you Whatever you wanna do I'm down with it Ohhhhhh It's up to you Whatever you goin through I'm down with itFighter With my back against the wall Said that you've had enough But you still take my calls I need to know I need to know

If there's any fight left For us to make it all right Tell me what's the next stepI'ma fighter What do you wanna do now? You a fighter?
