

# Something About You (feat. Yade Lauren)

Chace

She's up to something  
I've got no clue  
This room is filled with intenseness  
I gotta let it go  
I've never felt so high before  
There's something about you  
I can't take this anymore  
So please tell me the truth  
I could be honest to you  
There's not much left to do  
And we don't have much time to lose  
I'm up to something  
He's got no clue  
Why can't he feel the way I do  
I gotta take control  
I've never felt so high before  
There's something about you  
I can't take this anymore  
So please tell me the truth  
I could be honest to you  
There's not much left to do  
And we don't have much time to lose  
Wanna tell you but I'll wait, wait, ay  
Till I find the moment that you feel the same  
Set me free and take me higher, higher, higher  
We've got no time to waste  
(Something about you)
