## **One Minute More**

## **Capital Cities**

Don't wait for an invitation

No need for reservation

This life is an exploration

And you gotta see what I see in youI can't wait one minute more

The sun does shine

The sun does shine

We can't wait one minute more

The sun does shine

The sun does shineJust think of a destination

I'll be your transportation

We'll find there's a kind of place

That can only be seen with the naked mind

I can't wait one minute more

The sun does shine

The sun does shine

We can't wait one minute more

The sun does shine

The sun does shine There's a key that opens the door

Will you find and turn it?

Take your time, don't take too long

There's a map that's washed ashore

Will you find it and burn it? Unleash your imagination

Two stars one constellation

Bright lights just to guide the way

Can you see, what I see in you?

I can't wait one minute more

The sun does shine

The sun does shine

We can't wait one minute more

The sun does shine

The sun does shine

I can't wait one minute more

The sun does shine

The sun does shine

We can't wait one minute more

The sun does shine

The sun does shine
