

# Sex, Love & Water (feat. Conrad Sewell)

Armin van Buuren

[Verse 1: Conrad Sewell]

Take your time to find your groove  
It's alright, we can do this all night  
I just know your sexy body, is alright  
We can be here all night [Chorus: Conrad Sewell]  
All we really need is sex, love, and water  
It's to [?] make up all night  
All I really need is sex, love, and water  
It's to [?] who wanna make love all night  
Sex, love, and water  
Sex, love, and water

[Verse 2: Conrad Sewell]

Leave your worries at the door  
It's alright, gonna be here all night  
I'm in the mood for celebration  
Give me all that, give me all that  
Just give me all that, give me all that [Chorus: Conrad Sewell]  
All we really need is sex, love, and water  
It's to [?] make up all night  
All I really need is sex, love, and water  
It's to [?] who wanna make love all night  
Sex, love, and water  
Sex, love, and water

[Bridge: Conrad Sewell]

We just gotta do the things you want  
The things you want  
The things you want  
We just gotta do the things you want  
The things you want  
The things you want  
We just gotta do the things you want  
The things you want  
The things you want  
We just gotta do the things you want  
The things you want  
The things you want  
We just gotta do the things you want  
The things you want  
The things you want  
We just gotta do the things you want  
The things you want  
The things you want  
The things you want [Chorus: Conrad Sewell]

All we really need is sex, love, and water  
It's to [?] make up all night  
All I really need is sex, love, and water  
It's to [?] who wanna make love all night  
Sex, love, and water  
Sex, love, and water  
Sex, love, and water  
Sex, love, and water  
Sex, love, and water  
Sex, love, and water  
Sex, love, and water  
Sex, love, and water  
Sex, love, and water
