## **Unholy Confessions**

## **Avenged Sevenfold**

I'll try, she said, as he walked away

Try not to lose you

Two vibrant hearts could change

Nothing tears the being more than deception

Unmasked fear

I'll be here waiting tested and secureNothing hurts my world

Just affects the ones around me

When sin's deep in my blood

You'll be the one to fallI wish I could be the one

The one who won't care at all

But being the one on the stand

I know the way to go, no one's guiding me

When time soaked with blood turns its back

I know it's hard to fall

Confined in me was your heart

I know it's hurting you, but it's killing meNothing will last in this life

Our time is spent constructing

Now you're perfecting a world... meant to sinConstrict your hands around me

Squeeze till I cannot breathe

This air tastes dead inside me

Contribute to our plagueBreak all your promises

Tear down this steadfast wall

Restraints are useless here

Tasting salvation's near

Nothing hurts my world

Just affects the ones around me

When sin's deep in my blood

You'll be the one to fallI wish I could be the one

The one who won't care at all

But being the one on the stand

I know the way to go, no one's guiding meWhen time soaked with blood turns its back

I know it's hard to fall

Confined in me was your heart

I know it's hurting you, but it's killing me
