

# Looking for Me

Paul Woolford, Diplo & Karen Lomax

Oh, yeah, oh, yeah  
I heard you been looking for me, heard you been looking for me, yeah  
I heard you been looking for me, heard you been looking for me  
I heard you been looking for me, heard you been looking for me, yeah  
I heard you been looking for me, heard you been looking for me  
Oh, yeah, oh, yeah  
Oh, yeah, oh, yeah  
Oh, yeah, oh, yeah  
Oh, yeah, oh, yeah  
Can you feel the difference in the words we say?  
I know you feel this difference and I won't go away  
'Cause I have something you want, I have something you want  
And I have something you want, I have something you want  
I heard you been looking for me, heard you been looking for me, yeah  
I heard you been looking for me, you feel like ecstasy, yeah  
Oh, yeah, oh, yeah  
Tryna make a difference, tryna make a way  
Tryna make a difference, tryna make you stay  
'Cause I have something you want, I have something you want  
And I have something you want, I have something you want  
You feel like ecstasy, yeah  
Oh, yeah, oh, yeah  
Oh, yeah, oh, yeah  
Oh, yeah, oh, yeah
