

Weight of the World

Black Rebel Motorcycle Club

This is more than I wanted,
Take me out of the dark, I roam there,
Cold and black, you're out of touch, yeah,
Lightly falling through a whisper, you're scared. It's the weight of the world, I know, as I'm
struggling to be.
It's the weight of the world, I know, as you were mine, and we will find... This is stranger than
love for us,
Turning backwards to face the demon,
No excuse for a wasted life,
Lightly falling through a whisper of sky. It's the weight of the world, I know, as I'm struggling
to be.
It's the weight of the world, I know, as you were mine, and we will find... Time will change, still
the world remains the same,
Time will change, still the world remains the same.
It's the weight of the world, I know, as I'm struggling to be.
It's the weight of the world, I know, as you were mine, and we will find...
