

Deformed

Grave

Wired by the smell of death
As your end is drawing near He make yo cry he make you bleed
But you feel no fucking fear God won't wake you from your sleep Banished from life
the stinking air
Drastic suffering,
you are deformed
DEFORMED Your screams fill the stinking air
Painful death is waiting you God won't wake you from your sleep Banished from life
the stinking air
Drastic suffering,
you are deformed Revolting face
putrid remains
One eye left,
bloody hands
Banished from life
the stinking air
Drastic suffering,
you are deformed
