

Dirty Laundry

Danny Brown

The Hybrid, I'm telling you, try again
Sleep with the beast, then you in the lions?den
Still?drop dirty, have?to pop a Niacin
Itched all damn?day, just to get violated
Ever seen a roach with babies have babies
In the hood like whatever, we getting this bitch together
Once got a hoe, and had money for the room
So we did the humpty hump in a Burger King bathroom
Lowkey kept it undercover
The way she slurp slurp, she's the quicker picker upper
No job, dropped out and a felon
On a mat, met a fat white bitch named Helen
300 pounds, made me run like 280
Had a couple babies, 270 give or takey
Call that securin' the bag, had to fight the baby dad
Try to stop how I eat so I got up on his ass
What's in the dark, always come to light
Head was nasty, you'd think she had head lice
Why try? Throw bleach in your eye
Put your life on the line, hang em out to dry
Tryna keep my hands clean, out here ridin' dirty
Shit get messy? Mop him up with the .30
High Tide, Gain, or the Arm and Hammer
Swim towards the current, system try to drown me
Stain your record like Clorox 'n' darks
Spin cycle had four tops for one
Out the slums, nobody gave me nothin'
Had temptations, so I hustled David Ruffin
Papa was a rolling stone, so I sold rocks to him
Beam up Scotty, we got lift off Houston
Left my sack in my clothes, mama just did a load
Eight ball in my jeans, they say it taste like soap
Twenty five a peep show when I enter the booth
Mop the floor when I leave, might slip if you do
Cover your ears of your kids, we got round two
Fuck a bitch two times, call it deja vu
Fuck a stripper for some change, actual change
Dime, penny, nickels, actual change
Okay wanna hear the story? Left the house in a hurry
I was at Hunky Dory's, got some gas from Laurie
Left my wallet at home, ain't wanna hear that story
In the car had change from laundry

Had to wash clothes anyway, told her I'm sorry
Slow anyway, before you was boring
Said gimme a moment, jumped on it and bounced
No fabric softener, cause I was hard
Bad chick gave me head, had me moaning and groaning
Guess who I seen doing laundry the next morning
