

# Keep It Close (feat. Kerli)

## Seven Lions

Through the thunder  
Through the rain  
Dreading battlefields  
Say you'll remainKeep it close  
Stay coldKeep it close  
When they're coming for us  
When they're coming for us  
Stay cold  
Stay cool  
Keep it close  
Stay coldBruised in ashes  
In the dust  
Hold your miracles  
Glimmering through the rust  
Keep it close  
When they're coming for us  
When they're coming for us  
Stay cold  
When they're coming for us  
When they're coming for usStay cool
