

Gon Get It (feat. Omarion)

LoveRance

I can't help it I wanna touch
Ya body too fine girl I wanna fuck
And if that's too honest I'll change it up
And if I make ya mad I'm a make it up So lay yo' body down girl
Please do not make a sound girl yeah
The neighbors gon' hear it
Dick so good you fear it
Girl I promise you gon' feel it in yo' belly
All up in yo' stomach you been on me for a while
I could tell you really want it
Don't worry bout what people say
Just live in the moment
You say this pussy mine
So girl I'm bout to own it
Aye yeah yeah
She call me Daddy O
She like Peach Ciroc
With no chaser cept slow
How you like it
She know that I go ham
So she gettin' all excited oh
Ohh, she been waitin' all day for me
This shit for real no baby this ain't make believe
Out of mind workin' for it bust it wide open girl
We could take our time baby
We ain't gotta rush girl
Gon' get it, get it, gon' get it
Gon' get it, get it, gon' get it girl
You know that you gon' get it girl
You know that you gon' get it girl
Gon' get it, get it, gon' get it
Gon' get it, get it, gon' get it girl
You know that you gon' get it girl
You know that you gon' get it girl Uhh, you gon' get it when I go down
Waitin' for the showdown
When I pin ya legs down
Take my talents downtown
Do I mean South Beach?
Lick you imbetween ya knees
Ya pussy taste good to me
Pineapple on ya pussy ring
Known for doin' freaky things

I wanna hear ya pussy sing
Then I wanna see you cream
Lick it up like ice cream
Place you on my face
Let me lick the plate clean
Stripped you out ya clothes
Use my teeth for them laced things
Gon' get it, get it, gon' get it
Gon' get it, get it, gon' get it girl
You know that you gon' get it girl
You know that you gon' get it girl
Gon' get it, get it, gon' get it
Gon' get it, get it, gon' get it girl
You know that you gon' get it girl
You know that you gon' get it girl You gon' get, what you deserve
My tongue goin' up and down ya curves
You scream my name, not in vain, but pain
But I heard pleasure come with that
As I grip your waist
As you arch your back
I come inside as if I popped that latch
To your pleasure
That orgasm you needed
You can feel me in ya stomach
Well baby I believe it
You gon' get it
Like I put yo' ass on timeout
Dick drove yo' ass crazy, Amy Winehouse Gon' get it, get it, gon' get it
Gon' get it, get it, gon' get it girl
You know that you gon' get it girl
You know that you gon' get it girl
Gon' get it, get it, gon' get it
Gon' get it, get it, gon' get it girl
You know that you gon' get it girl
You know that you gon' get it girl
