

Addiction (Extended Mix)

Medina

Should I drink another drink
See another light
I know that you may think
That I'm a broken little bird in my mindCause I'm falling on the floor
I'm climbing up the walls
And everytime I get a grip
I seem to lose myself just a little moreCause I am here and it eats me up
Well, I love the way it feels
I really shouldn't stay
But I can't give up
The more it hurts, the more I needIt's like an addiction
It's like an addiction
Should I drink another drink
Am I running out of time
Confusion makes me think
This solution is beyond my sorry mindCause I am here and it eats me up
Well, I love the way it feels
I really shouldn't stay
But I can't give up
The more it hurts, the more I needIt's like an addiction
And I just can't break free tonightIt's like an addiction
Am I the only one with the sad eyes
It's like an addiction
And I just can't break free tonight
It's like an addiction
Am I the only one with the sad eyes
I can't let go
I, I, I can't let go
I, It's like an addiction
And I just can't break free tonight
It's like an addiction
Am I the only one with the sad eyes
It's like an addiction
And I just can't break free tonight
It's like an addiction
Am I the only one
I can't let go
I, I, I can't let go
I, I
I can't let go
I, I, I can't let go
I, I
