

Makeshift Love

Good Charlotte

I fucking hate these nights
the ones where you don't know me
if I could get this right
if I can get away from the old me
but I'll survive... right now I'm
dying just to breathe in
just to be alive
just to get away from the old me
There's only makeshift love tonight
there's a triage in
my living room
she'll check my vital signs
then opens up my wounds
Like I'm dying tonight
and the whole world is laughing
Like everyone I love has gone away
Whooooaaa
I'm dying tonight
but no one is crying
it's not alright no matter what they say
WhooooaaaI fucking hate these fights
the ones where you just own me
we used to be so tight
yeah right
but you just want the old me
turn off the god damn lights
(turn off the god damn lights)
if you're really gonna get up and just leave
I used to get so high
but that was just the fucking old me
There's only makeshift love tonight
there's a triage in
my living room
she'll check my vital signs
to see what else she can do
Like I'm dying tonight
and the whole world is laughing
Like everyone I love has gone away
Whooooaaa
I'm dying tonight
but no one is crying
it's not alright no matter what they say
WhooooaaaAll that she wanted was me broken hearted
I know it's sad but it's true...

I won't get her started, now she's departed
there's no looking back me and you...There's only makeshift love tonight
there's a triage in
my living room
she'll check my vital signs
to see what else she can doLike I'm dying tonight
and the whole world is laughing
Like everyone I love has gone away
Whooooaaaa
I'm dying tonight
but no one is crying
it's not alright no matter what they say
Whooooaaaa
All that she wanted was me broken hearted
I know it's sad but it's true...
