

# Game Over (Level 5 Mix)

[Alexa Vega](#)

The time has come once and for all  
You've met your match, you will fall  
This little game we play is gonna break us down  
Only one of us can wear the crown  
It's not as easy as you thought it'd be  
When it's down to you versus me  
I play rough, I don't need to try, you like to play mean but the score never lies-  
Game over, game over, game over, for now  
Winning the game's the only rule allowed  
No more "good luck", or cheers from the crowd  
When the game began you never thought you'd lose, but your time is up I play to bruise  
Look around and find you've lost your team, you did your best but you ran out of steam(Bridge)  
You're all out of wishes, kiss your dreams goodbye, the ends the same  
It's not wether you win or lose  
It's "how you play the game"()Is that all you've got, c'mon, uh uh, bring it on()
