

# I'll Be Alright

## Passion Pit

Can you remember ever having any fun  
'cause when it's all said and done I always believed we were  
but I'm not so sure  
I drink a gin and take a couple of my pills  
and my parade give you chills  
Oh honey don't give me up, oh oh oh oh I know we've had enough  
You should go if you want to  
yeah go if you want to  
I'll be alright, be alright  
well I've made so many messes  
and this love has grown so restless  
your whole life has been nothing but this  
I won't let you go unless  
I'll be alright  
I'll be alright  
I'm so self-loathing that it's hard for me to see  
reality from what I dream and no one believes me  
no, not a single thing  
my brain is racing and I feel like I'll explode  
you're looking at me from below  
this room wasn't made for you just go find someone new  
You should go if you want to  
yeah go if you want to  
I'll be alright, be alright  
well I've made so many messes  
and this love has grown so restless  
your whole life's been nothing but this  
I won't let you go unless  
I'll be alright  
I'll be alright  
Why do I keep housing all this suffering  
heads go on now where's my thought to stumbling??  
This party's over, no it isn't happening No wind in the sails until I'm only recovering  
You should go if you want to  
yeah go if you want to  
I'll be alright, be alright  
well I've made so many messes  
and this love as grown so restless  
your whole life's been nothing but this  
I won't let you go unless  
I'll be alright  
I'll be alright

I'll be alright  
I'll be alright
