

Sunday Morning

Morgan Heritage

Woo hoo hooo
Well alright, alright
Woo hoo hooo
Alright, alright
Woo hoo hooo
Alright, alright alright
Woo hoo hooo
Well alright, yeah I pass my boys a bud
As i'm about to light up the grill
Mexi-Cali girls Corona's with the lime on the hill
We're just running wild
Like on the beaches of Miami
The vibe is feeling right
Jamaica Sunday morning we say
No fussing or fighting we made it out the hood
We just giving thanks and praise
Cause we're living like we should
Now that the weeks over we put our problems out of the way
Let's have a crazy night so we can forget all about it
For one night
Let's party all night
Leave all troubles behind and live that fun life
Tonight there's no wrong there's no right
Everyone just feel alive Right now it feels like Sunday morning on Saturday
Think I'll have some fun going M.I.A.
Like cruising up the coast of Cali-For-Nia
Kick back chill out no fuss today
Ay, today, don't want no fuss today
Not my way round my way
Ay, today, don't want no fuss today
Not my way round my way
When I work my 9 to 5 it's like a jungle fight everyday
I'm so tired of the man that always has to ruin my day
Not a day goes by that I don't think of running away
But then I think why should he get the edge over me
Say TGIF I man heading home
Time deal with the A-holes
On the highway that love to honk their horn
Now that the weeks over and happy hour's beginning at 6
Let's have a wild night so I can forget all about it Right now it feels like Sunday morning on
Saturday
Think I'll have some fun going M.I.A.

Like cruising up the coast of Cali-For-Nia
Kick back chill out no fuss today
Ay, today, don't want no fuss today
Not my way round my way
Ay, today, don't want no fuss today
Not my way round my way For one night
Let's party all night
Leave all troubles behind and live that fun life
Tonight there's no wrong there's no right
Everyone just feel alive Right now it feels like Sunday morning on Saturday
Think I'll have some fun going M.I.A.
Like cruising up the coast of Cali-For-Nia
Kick back chill out no fuss
Now it feels like Sunday morning on Saturday
Think I'll have some fun going M.I.A.
Like cruising up the coast of Cali-For-Nia
Kick back chill out no fuss today
Ay, today, don't want no fuss today
Not my way round my way
Ay, today, don't want no fuss today
Not my way round my way
