Save Yourself

[Soft Machine](#)

It's my, my, my bed you're lying on
And it's my, my, my bed you're dying on
But if it's my head you're relying onYou gotta save yourself - save yourself
Don't enslave yourself - save yourself
Just to save yourself - save yourself
Stay in your own bed at nightBecause, girl, you know
That if I try to feed you
And keep you all week to make you feel secure
Then you won't leave my bed
Though you wanna stay fed
Will your heart remain, girl?
You know you can't make it
Without tryin' to fake it
And I believe, baby
You gotta save yourself - save yourself
Don't enslave yourself - save yourself
Just to save yourself - save yourself
Stay in your own bed at night
