

Whoppa (feat. Sofía Reyes & Farina)

Tinie Tempah

Aw, swag on infinity
Badder than nicotine
Saw you in London, in Libertine
I had a row with security
I wanna know what you think of me
Change the location to Italy
I want the love, not the sympathy
I'm on a wave, I could care less if your boy isn't feelin' me
As long as you feel me
El beso de la rosa
Order three or four mimosas
Saw you tongue-kissin' the promoter
All-white Testarossa
Sex sells, pree my poster
You were nice to everybody else
Girl, why you give me cold shoulder
Whoppa, whoppa, whoppa, whoppa
Skin look like champagne and mocha
Someone call a chopper
Take her all the way to Saudi just to smoke the dokha
Anywhere she go, all she know is whoppa, whoppa
All she know is whoppa whoppa All she know is whoppa whoppa What?
Haha, all I know is whoppa whoppa
What? What?
A mí me dicen la whoppa whoppa
Que soy la dueña del lugar
Que mi veneno es el pelo suelto
Un Ave Maria
Por si hay sequía
Play it, play the song that Bad Bunny has
Heels on fire when I do my dance
Ooh, ahora porque no veo la hora
De irnos por ahora
I'm calling Rita Ora
Algo vería, tú solo confía
Feelin' so hot, kinda need some ice
Life's too short to apologize, mmmWhoppa, whoppa, whoppa, whoppa
Skin look like champagne and mocha
Someone call a chopper
Take her all the way to Saudi just to smoke the dokha
Anywhere she go, all she know is whoppa, whoppa
All she know is whoppa whoppa All she know is whoppa whoppa Hola

Me dice que soy guapa
 Mi sopa en su boca
 Pa' después ponerme el choker, choker, choker
 Yo me encuentro bronceando mi culo en Europa
 Ya mismo en la Forbes como Winfrey Oprah
 Amarilla Luis tengo las botas
 Dale más champagne a mi copa
 En mi cuello y mi mano una roca Porque yo tengo el azúcar, el azúcar
 Deliciosa y jugosita, como te gusta
 Yo tengo ese tesoro que buscas
 Tú quieres probar mi salsa y vamo' p'allá Hola, ¿qué tal?
 Red rose, petal
 My life's a series
 And this one's a special
 Playboy bunny, bad bunny life
 Printin' out money like 'Money Heist'
 Thirty-one degrees with a ton of ice
 Life's too short to apologize Know now, you know that I'm in order
 Sweatin' like a sauna
 Up in the Latin Quarter
 Amen, hallelujah
 Ave, Ave Maria
 Tequila, Caipirinha
 Shaku Shaku, Shakira
 Hermosa y linda Whoppa, whoppa, whoppa, whoppa
 Skin look like champagne and mocha
 Someone call a chopper
 Take her all the way to Saudi just to smoke the dokha
 Anywhere she go, all she know is whoppa, whoppa
 All she know is whoppa whoppa All she know is whoppa whoppa All I know is whoppa whoppa
 All I know is whoppa whoppa
 Whoppa
