## **Time & Space**

## **Groove Armada**

Let it take you through the slowly Lie hands and there's more to let our love growIf all time seems to Wait on feeling Because it's not How we should show our loveAnd I was easy love And I wasn't easy enough Time and Space Peel away at angst Time and Space Learn to let go Baby lean on me Help you lean Help you lean Help you lean on me Baby lean Baby lean Baby lean on me Got to lean Got to lean Got to lean on meAre we joined by both Our hearts or limbs Only by arms lengthwe'll sigh ever showLet go Let go And I was easy love And I wasn't easy enough Time and Space Peel away at angst Time and Space Just to let goBaby lean on me Help you lean Help you lean Help you lean on me Baby lean Baby lean Baby lean on me Got to lean Got to lean Got to lean on meAnd I was easy love And I wasn't easy enough And I was easy love And I wasn't easy enoughLetGo
