Time & Space

Groove Armada

Let it take you through the slowly

Lie hands and there's more

to let our love growIf all time seems to

Wait on feeling

Because it's not

How we should show our loveAnd I was easy love

And I wasn't easy enoughTime and Space

Peel away at angst

Time and Space

Learn to let go

Baby lean on me

Help you lean

Help you lean

Help you lean on me

Baby lean

Baby lean

Baby lean on me

Got to lean

Got to lean

Got to lean on meAre we joined by both

Our hearts or limbs

Only by arms lengthwe'll sigh ever showLet go

Let go

And I was easy love

And I wasn't easy enoughTime and Space

Peel away at angst

Time and Space

Just to let goBaby lean on me

Help you lean

Help you lean

Help you lean on me

Baby lean

Baby lean

Baby lean on me

Got to lean

Got to lean

Got to lean on meAnd I was easy love

And I wasn't easy enough

And I was easy love

And I wasn't easy enoughLetGo
