

# I'd Want It to Be You (with Blake Shelton)

Barbra Streisand

Time has a way of changing everything  
That goes for almost anything but us  
Always have and I always will remain  
Words from a heart that you can trust while others come and go  
you can always know I'm here for you  
whenever you might need me Sometimes, if you're lucky  
You find that certain someone  
You can always count on to be true  
If I had the choice of only one friend in this world  
You know that I'd want it to be you You're still sweet as a honeybee  
After all these years  
You'll always be that funny girl to me  
Season to season will always have a reason  
It mean to be the best of friends that we can be  
Someone you can turn to every minute of the day  
Warm memories to hold on to that will never fade away Sometimes, if you're lucky  
You find that certain someone  
You can always count on to be true  
If I had the choice of only one friend in this world  
You know that I'd want it to be you You're like the sweet familiar song  
A good book when I'm alone  
A cup of coffee when I'm cold  
A country road that leads me home Sometimes, if you're lucky  
You find that certain someone  
You can always count on to be true  
If I had the choice of only one friend in this world  
You know that I'd want it to be you  
Until I make it home again  
I thank God He gave me you  
We'll stay the way we were forever true  
There's no one in this world that's been a better friend to me  
than you
