

# Silence

## The Ting Tings

Hold, hold your tongue now  
And let them all listen to your silence  
Hold, hold your tongue now  
And let them all listen to your silenceHold, hold your tongue now  
And let them all listen to your silence  
Hold, hold your tongue now  
And let them all listen to your silenceHold, hold your tongue now  
And let them all listen to your silence  
No need to listen to yourself  
Maybe this one will pass you by  
Or to anybody elseNo need to listen to yourself  
Or to anybody else  
No need to listen to yourself  
Or to anybody elseHold, hold your tongue now  
And let them all listen to your silence
