

# Holy Image of Lies

## Sum 41

I don't believe, I think I'm falling asleep  
Is this beginning or ending? Am I stuck in a dream?  
I don't want to know what I think, I suppose  
Out of the light and into this time of demise  
And there's a cross on the hill, the holy image of lies  
I've opened my mind but this dream is still real  
You don't need to worry, I'm just fine  
I've just lost my mind  
Tell me it's over  
'Cause I don't feel a thing at all  
No conscience, there's no more  
Senses all have disappeared  
Am I alright, alive tonight  
Paranoid, am I too late  
Am I alright, alive tonight  
Crash and fall into this night with me  
Look in my eyes, tell me I'm alright  
I don't know if I'm still alive  
If this is goodbye forever's just a lie  
Big enough to make you wanna try  
In just one life  
How can we live enough to rest in peace?  
In just one life  
How can we live enough to rest in peace now?  
Here as I stand head in hand  
And one hand on my heart  
As I depart it's not so hard  
One day to become a man  
You have your scars  
But I never thought that you would give me mine
