

# We'll Find It

## Sister Hazel

Help me, she said please excuse me sir, but  
Help me, something isn't quite right and  
You'll see, I ain't supposed to be here, but  
Maybe you can help me find my way. Take me, I don't care, just not right here and  
Take me, somewhere more familiar and  
Show me, clever situations, and  
Tell me, things I want to hear. And I... said ...oh yeah!  
I... said... yeah. oh yeah. oh yeah. oh yeah! We'll find it, oh I know I know  
We'll find it, oh I know I know  
We'll find it, oh I know I know  
We'll find it, oh I know I know.  
Well help Me, well, she said please excuse me sir, but  
Help me, something isn't quite right and  
You'll see, that I ain't supposed to be here, but  
Maybe, well now you can help me find my way! And I... said ...oh yeah  
I... said... yeah .oh yeah  
I... said... yeah... oh yeah. oh yeah. oh yeah! We'll find it, oh I know I know  
We'll find it, oh I know I know  
We'll find it, oh I know I know  
We'll find it, oh I know I know... And I... said ...yeah. oh yeah!  
And I... said ...yeah . oh yeah!  
And I... said ...yeah . oh yeah... oh yeah. oh yeah!  
We'll find it, oh I know I know  
We'll find it, oh I know I know  
We'll find it, oh I know I know  
We'll find it, oh I know I know... Ahhhh!
