

Your Eyes Open

Keane

Well, it's a lonely road that you have chosen
Morning comes, and you don't want to know me anymore
And it's a long time since your heart was frozen
Morning comes, and you don't want to know me anymore For a moment your eyes open and
you know
All the things I ever wanted you to know
I don't know you and I don't want to
Till the moment your eyes open and you know That it's a lonely place that you have run to
Morning comes, and you don't want to know me anymore
And it's a lonely end that you will come to
Morning comes, and you don't want to know me anymore For a moment your eyes open and
you know
All the things I ever wanted you to know
I don't know you and I don't want to
Till the moment your eyes open and you know
For a moment your eyes open and you know
All the things I ever wanted you to know
I don't know you and I don't want you
Till the moment your eyes open and you know
