

# Your Eyes Open

Keane

Well, it's a lonely road that you have chosen  
Morning comes, and you don't want to know me anymore  
And it's a long time since your heart was frozen  
Morning comes, and you don't want to know me anymore For a moment your eyes open and  
you know  
All the things I ever wanted you to know  
I don't know you and I don't want to  
Till the moment your eyes open and you know That it's a lonely place that you have run to  
Morning comes, and you don't want to know me anymore  
And it's a lonely end that you will come to  
Morning comes, and you don't want to know me anymore For a moment your eyes open and  
you know  
All the things I ever wanted you to know  
I don't know you and I don't want to  
Till the moment your eyes open and you know  
For a moment your eyes open and you know  
All the things I ever wanted you to know  
I don't know you and I don't want you  
Till the moment your eyes open and you know
