

# Touch It

## Monifah

Yeah, yeah, yeah  
Jack Knight and Dakoda House  
All we wanna do is make you bounce  
Monifah, would you turn me out  
Show me what your thing is all about  
Jack Knight and Dakoda House  
All we wanna do is make you bounce  
Monifah, could you turn me out  
Show me what your thing is all about Do you really wanna touch it  
Do you really wanna mess with me tonight  
oh, ohhhh  
And if you know how we like it  
Would you call my name and give it to me right  
Could you just put that thing on me  
So I could just freak on you  
And you could just freak on me  
And I will give it to you all night long I'ma show your body what your lips are doing wrong,  
oohhh  
Do you really wanna touch it  
Do you really wanna fuck with me tonight  
Do you real-ly, yeah yeah yeah And if you know how we like it  
Would you call my name and give it to me right  
Slow love just feels so good to me  
Could you just move it on up 'cuz I'm in ecstasy And I will give it to you all night long  
I'ma show your body what your tongue is doing wrong, oohhh  
Do you really wanna touch it  
Do you really wanna fuck with me tonight  
ohhhhh  
And if you know how we like it  
Would you call my name and give it to me right Give it to me give it to me, call my name  
This boy's shyness got me wet like crazy  
I want it more and more when you call my name and spank me, oohhh  
Do you really wanna touch it Do you really wanna mess with me tonight  
oohhh  
And if you know how I like it  
Would you call my name and give it to me right, give, give, give, give, oohhh Do you really  
wanna touch it  
Do you really wanna fuck with me tonight  
oohhh  
And if you know how we like it  
Would you call my name and give it to me right  
Yeah, yeah, yeah

Jack Knight and Dakoda House  
All we wanna do is make you bounce  
Monifah, would you turn me outShow me what your thing is all about  
Jack Knight and Dakoda House  
All we wanna do is make you bounce  
Monifah, could you turn me outShow me what your thing is all about  
Do you really wanna touch it  
Do you really wanna fuck with me tonight  
Do you wanna fuck with meAnd if you know how we like it  
Would you call my name and give it to me right  
Do you really wanna touch it  
Do you really wanna mess with me tonightAnd if you know how I like it  
Would you call my name and give it to me right  
Do you really wanna touch it  
Do you really wanna fuck with me tonight  
oohhh  
And if you know how we like it  
Would you call my name and give it to me right  
Do you really wanna touch it  
Do you really wanna mess with me tonight  
And if you know how I like it  
Would you call my name and give it to me right  
Touch it, oohhh, touch me, love me, suck me  
Give me, baby, yeah, if you know how I like it  
Do you really wanna touch it  
Do you really wanna fuck with me tonight  
And if you know how I like it  
Would you call my name and give it to me right
