

# Roll With Us

## Doja Cat

[Chorus]

Baby you can roll, roll with us  
And I know that you know, you know bitches  
You should bring them hoes and bros with us  
And baby you can roll, maybe you can roll, roll with us yeah[Verse 1]  
We can roll, baby yeah we can ride  
I do this all the time, you living that trap life, yeah yeh yeh  
You could come and party with my bitches, yeah  
Nobody ask your name, not monogamous  
This ain't gon' be over 'til you done with this  
Never thought that you'd ever get used to this  
Doin' stupid shit but you won't do this  
(Know you can't)

[Chorus]

Baby you can roll, roll with us  
And I know that you know, you know bitches  
You should bring them hoes and bros with us  
And baby you can roll, and you know you can roll, roll with us yeah[Post-Chorus]  
Roll, roll with us  
And baby you can roll, roll with us  
Roll with us yeah, roll, roll with us  
And baby you can roll, maybe you can roll, roll with us yeah[Verse 2]  
Leave all that drama out the door, that shit can wait  
And boy you know you ain't just fly, 'cause I'm in LA  
I know, you know, I know you and you know me  
And we won't bring nobody that can infiltrate  
Oh, baby it's okay, BYOB  
Got a big ass Jeep, bringin' all them freaks, yeh  
Finna smoke my tree, I'ma fill my drank  
We done had a long ass week, ah yeah, yeah

[Chorus]

Baby you can roll, roll with us  
And I know that you know, you know bitches  
You should bring them hoes and bros with us  
And baby you can roll, and you know you can roll, roll with us yeah[Post-Chorus]  
Roll, roll with us  
And baby you can roll, roll with us  
Roll with us yeah, roll, roll with us  
And baby you can roll, maybe you can roll, roll with us yeah[Outro]  
Maybe you can roll, roll with us yeah  
Maybe you can roll, roll with us yeah
