

Neutron Star Collision (Love Is Forever)

Muse

I was searching
You were on a mission
When our hearts combined like
A neutron star collision I had nothing left to lose
You took your time to choose
Then we told each other
With no trace of fear that our love would be forever
And if we die, we die together
And lie, I said never
'Cause our love would be forever
The world is broken
And halos fail to glisten
You try to make a difference
But no one wants to listen Hail, the preachers, fake and proud
Their doctrines will becloud
Then they'll dissipate
Like snowflakes in an ocean Love, is forever
And we'll die, we'll die together
And lie, I said never
'Cause our love could be forever Now I've got nothing left to lose
You take your time to choose
I can tell you now
Without a trace of fear
That my love will be forever
And we'll die, we'll die together
Lie, I will never
'Cause our love will be forever
