

# I Stand Alone

Jackyl

Well everytime I move Every step I make  
You know I just can't seem to take the right direction I'm always wrong I'm never right  
Right or wrong there always seems to be a correction And I give everything I got  
And they take Take Take Take Take everything I'm giving My back is tired My legs both ache  
In this life There is no cake This life I'm livin' CHORUS:  
I stand alone today WHY YOU FEEL Don't ask me why I feel  
I just know I feel this way WHAT YOU SAY I stand alone today  
I stand alone today WHY YOU FEEL Don't ask me why I feel  
I just know I feel this way WHAT YOU SAY I stand alone today  
Well you look at me Shake your head  
Don't like my hair You're so misled I shit like you do  
But the curse is more than on my head  
Sometimes I think I'm better off dead It's worse than voodoo And I'm reaching out for help  
But it's No No No No No Until you give in My back's still tired My legs both ache  
In this life There is no cake This life I'm livin' CHORUS: Well they take They take everything  
I'm givin'  
It's a rough life This life I'm livin'  
Give me more Give me more I take more everyday  
I'm gonna take it till they take Take Take Take  
Take Take Take Take me away  
SOLO CHORUS: I say I-I-I Stand alone today I say I-I-I Stand alone today  
I say I-I-I Stand alone today I say I-I-I Stand alone today I say I-I
